

PREMIUM WiFi for Coaches

€80 PER MONTH*

Portifi is designed for transport operators, it allows you to offer your passengers free, or sponsored Internet access from their smart phones, tablets or laptops. Furthermore, we offer an optional combined GPS Tracking Solution.

Hardware & Installation are included!

Increase Competitiveness

Transport operators all over the world are realising the value WiFi brings in helping them differentiate and innovate.

Attract more Customers

Free WiFi while travelling is at the top of passengers wish lists. Attract customers by allowing them to stay connected on the move!

Reassurance

Portifi is a reliable, high-speed Wifi solution designed for coaches. It works on the latest 4G LTE & 3G networks with optional failover to secondary networks where required.

Visibility of Coaches (optional)

Your coaches can be tracked in real-time so their current (and historical) positions are shown on a moving map via your smart phone or PC.

Our low monthly fee of €80 includes:

Premium WiFi

Robust, reliable high-speed WiFi designed for buses, trains, and other passenger vehicles.

Optional extra:

GPS Tracking & App

A bird's eye view of your vehicles, allowing for better planning and cost savings. Your vehicle(s) are easily tracked in real-time on our Halo App from your smart phone, tablet or laptop.

* This is a tax-efficient 36mth Lease Agreement. Excludes Airtime. Some T&Cs apply but not too many!

About Us

After 10 years in business our highly qualified experts have an in-depth knowledge of the needs as well as best practices in the Telematics and Tracking Industry.
